

We care about the environment!

Dear Guest,

Thank you for choosing our hotel for your stay in Bad Kleinkirchheim
Hotel Trattlerhof aims at **protecting the environment and at conserving resources** such as water and energy. We really appreciate **your support with our conservation efforts**. Working together we can really make a difference.

What you can do:

- Close the windows when the heating is on.
- Turn off the lights when you leave the room.
- Save Water: While you are brushing your teeth or shaving, turn off the water in between. Please also inform us if any of the taps or the toilet flush in your room leak.
- Towel in the bathtub means: "Please exchange", towel on the rack means "I will use it again". Please also see the information about our bed linen exchange service on your bed.
- By separating your waste (paper, glass, plastic bottles and metal) and putting it in the designated containers you enable us to recycle a large amount of the waste in the hotel.
- Please find containers for your use in the ski room opposite the reception or deposit it separately in your room.
- Please do not throw any waste or sanitary items in the toilet but use the trash bins in the bathrooms. Should you have any dangerous waste (i.e. batteries and medicine), please hand it over to one of our associates at the front desk.
- At the Front Desk the following will be provided upon request: our environmental concept, our waste management concept, an environment questionnaire where you can rate the efforts of our hotel, information about public transport in Bad Kleinkirchheim. A collection service from the train station can be arranged
-

The Austrian Eco-label:

In July 2012 we were awarded the Austrian Eco-label because:

- we use energy and water in a reasonable manner
- we separate and avoid waste
- we use renewable raw materials and environmental-friendly products, and
- because also our employees act accordingly.

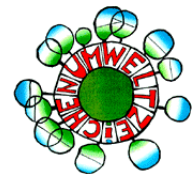

The compliance with the criteria is regularly verified by independent authorities.

Sustainable Products: We use natural products of the Carintian company Calen.

To avoid throw-away products we provide shampoo/soap in a soap dispenser in the bathroom. Have we overlooked something? Your ideas and suggestions are always welcome!

Trattlers Hofpeople & Forstnig family

"Green Euros"

Dear guest,

*As part of our **environmental concept** we wanted to show you one more way to further save the environment – and provide you with the opportunity **to earn yourself "Green Euros" in the process.***

*For each day **you request that your room not be cleaned**, you will **receive 3 "Green Euros"** towards your Hotel bar bill.*

*You help to use less **water, electricity and cleaning supplies** – our environment will thank you! Please inform reception **before 6 pm the evening before** and **Euro 3 will be credited** to your Hotel bar bill for each day. Thanks for your contribution to environmental protection!*

Trattlers Hofpeople & Forstnig family

*This request cannot be made for the **day of departure**. The Green Euros you earned cannot be paid out in cash and can only be credited to your Hotel bar bill.*
